

EMV Certification Letter of Approval

911 Software
Project ID: 423

265 South Federal Hwy #363
Deerfield Beach, FL 33441

10/9/2019

This letter confirms that the device listed below has successfully completed EMV certification testing for the tests identified in the Test Information section below. Certification demonstrates the ability to send and receive authorization requests and responses between the terminal and Elavon. The tests also demonstrate the capability of the terminal to process chip-based functions including support of PIN, fallback, and card verification methods.

No warranty of the device and/or configuration is expressed or implied by this approval letter in regards to functionality, quality, or performance of the product(s) identified below. In no event will Elavon be liable for any special, collateral, incidental, or consequential damages or loss of business or revenue in relation to this letter of approval.

Elavon must be informed of any changes made to the product. Upon request the certification, or portions thereof, will be re-performed. Failure to comply with the request may result in this approval being terminated.

Approval Number	ELA-DI-10092019-423
Certification Type	Initial Certification
Reason for Recertification (if applicable)	
Certification Scope	Contact/Contactless
